The OHI Fall Prevention Program; Customized for your referral sources

Did you know that every second an older American will fall? The stats on falls are staggering which is why OHI has built an easy, turnkey solution that allows O&P practitioners to implement a comprehensive Fall Prevention Program into their business. This program includes the **Arizona Balance Brace**, the **Apex Balance Shoe**, recommended PT/OT, and patient education materials.

The **OHI Fall Prevention Program** provides you with the ability to customize the materials with your business info to use when detailing your referral sources!
