

WELCOME THE NEXT

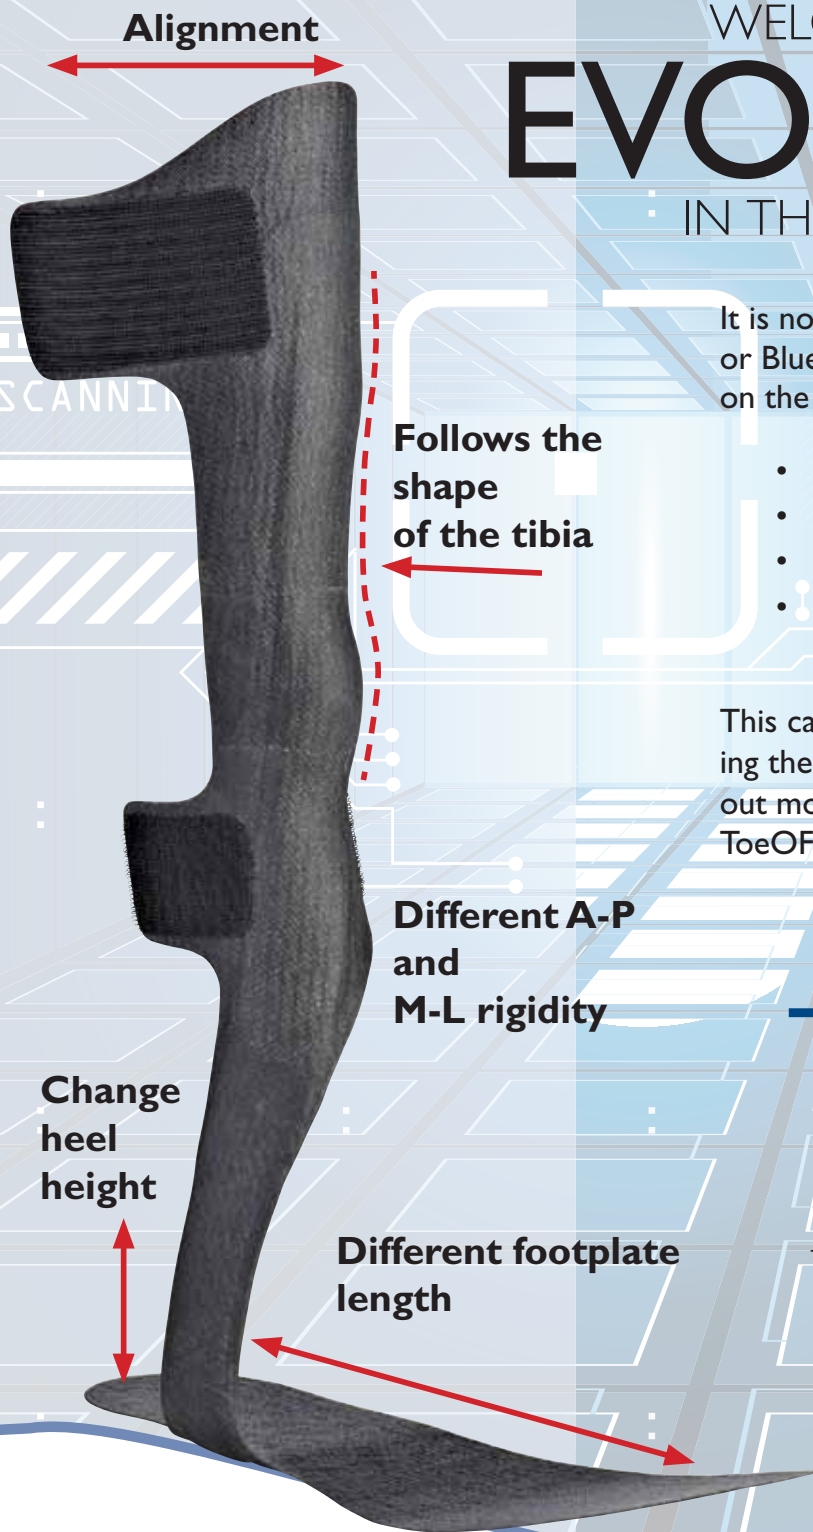

EVOLUTION

IN THE TOEOFF® FAMILY!

It is now possible to order a Custom ToeOFF® or BlueRocker to optimize fit and function based on the patient's needs such as:

- Calf Atrophy/Hypertrophy
- Unique Leg Shapes
- Alignment Issues
- Dynamic Response Changes

This can be done by scanning, casting, or measuring the patient. Visit www.allardusa.com to find out more and to become certified to fit Custom ToeOFF/BlueRocker's.
