

Prefabricated Knee Ankle Foot Orthoses

KMO™ KAFO

- Immediately available modular KAFO system which is a less costly option compared to custom made alternatives.
- Only (3) universal sizes with adult, pediatric, and infant to choose from. Additional custom sizing and accessory options available if needed.
- Durable single posterior frame and static progressive KMO™ knee joint system for superior sagittal plane control.
- Patient friendly terry cloth liner and securing system. Other liner materials and closure systems available upon request.
- Interim or long term orthosis for CVA, TBI, SCI, MS, minor fractures or contractures to assist with ambulatory or recumbent positional needs.
- Transconnector™ quick disconnect receiver system option available that easily links the knee orthosis and AFO together or can be used independently of each other without the use of tools. (Suggested add-on L Code for the Transconnector™ option: L-2768)

Product Code: 1954

KMO™ PDAC Approved L Code: L-1831

DDA™ Suggested L Code: L-4396

PENTAGON® KAFO

- Single posterior upright minimizes bulk and impingement over bony prominences vs. traditional KAFO double jointed systems.
- Lock, resist or accommodate and foot, ankle, or knee position while transferring, standing, ambulating or at rest.
- Fully adjustable ranges of motion within the PENTAGON® knee joint's five specific functions (drop lock, ratchet lock, free motion, variable ROM, or lock out) to accommodate motor and sensory progress.
- Cost effective replacement liner options to extend the life and comfort of the device indefinitely.
- Adaptable with any of the PRAFO® PKA jointed or non-jointed AFO systems.
- Transconnector™ quick disconnect receiver system option available that easily links the knee orthosis and AFO together or can be used independently of each other without the use of tools. (Suggested add-on L Code for the Transconnector™ option: L-2768)

PENTAGON®/ABBY™ KAFO (image shown)

Product Code: 1193

PENTAGON® PDAC Approved L Code: L-1843

ABBY™ PDAC Approved L Code: L-1971
