

For 25 years Anatomical Concepts has held itself to a simple philosophy
It's about the **PATIENTS!**

That's why we've committed ourselves to designing USA-manufactured custom-fit and custom-fabricated lower and upper extremity orthoses that provide better results consistently and cost-effectively. From our flagship PRAFO[®] Orthosis to our prefabricated KAFO systems and elbow orthoses, our entire product line is clinically-proven to deliver effective outcomes while maintaining ease-of-use for the medical professional.

PREFAB KAFO SYSTEMS
