WHERE HOPE MEETS HELP™

"Unfortunately, as prosthetists, we have to deal with whatever the surgeons leave us."

—Bill G. Copeland, LP, prosthetist

"If my orthopedic surgeon had known about the Ertl Procedure he would have performed the procedure on me."

—Jack Richmond, amputee

"I am not in pain anymore and that is the best that anyone could ever ask for!"

—Susan J. Young, amputee

"If I wouldn't have had this procedure done, I wouldn't have been able to go to the nationals and pursue a dream."

—Barry Corbitt, amputee

"I don't know why everybody doesn't do this. If you have an amputation, this should be automatic."

—Dale Stopp, amputee

"Amputees have the ability to become 'Whole Again.'"

—Jan P. Ertl, M.D.

"The Academy applauds the Barr Foundation's efforts to improve the care of people with amputations."
