

Designed to control
cervical spine motion...

...now extend that
control.

The **Pacific™ Adjustable Collar** is designed to provide your patients with effective control of cervical spine motion. Now, when necessary, that control can be extended with a new **Thoracic Extension (TE)** option.

PACIFIC™ TE FEATURES:

- Intended for low cervical/high thoracic immobilization
- Available in one, height adjustable, size
- Quickly and easily snaps-on to the Pacific™ Adjustable Collar
- Can be purchased separately, or as a fully assembled CTO
