

XAFO KIT

Model 396

- Provides effective M-L control of the foot ankle complex
- Low profile design utilizes stainless steel Camber Axis Hinges® for added strength and variable motion control
- Effective treatment of various clinical conditions including severe pes planus, degenerative ankle joint disease and chronic ankle instabilities
- The XAFO can also be ordered as a complete orthosis from Becker Central Fabrication (cast required)

Kit Includes:

- Camber Axis Hinges®
- Prefabricated thermoplastic medial and lateral uprights
- Interface padding, proximal and distal straps
- Sheet plastic and lining material for custom footplate fabrication
