

We were with Rothschild's Orthopedic. Every step of their way.

ROTHSCHILD'S ORTHOPEDIC

Rothschild's Orthopedic locations are among the many BOC-accredited facilities making a difference to patients every day.

Background: Rothschild's Orthopedic has been family owned and operated for 33 years.

Achievements: The Rothschilds hold three U.S. patents in prosthetic and orthotic devices. They own a fabrication facility and six patient care facilities.

Impact: Thousands of patients, orthotists, and prosthetists have benefited from their focus and ingenuity in thermoplastic design and fabrication techniques.

Service: Thousands of physical therapists, students, and other health care professionals have attended their prosthetic and orthotic educational classes and seminars.

“ I am proud to say our facilities are BOC accredited. ”

Russell Rothschild

BOC is proud to have walked alongside Rothschild's Orthopedic on their journey.

How can we walk with you?
