

# Step Up Your Business

Partner with Cascade to build your braces...

At Cascade Dafo, we want to help you create a robust practice based on providing your patients with the best braces in a timely manner. We've spent more than 25 years developing a wide range of custom bracing options, as well as manufacturing techniques and expertise that ensure each brace is worthy of our **Full 90-Day Warranty**. As a central manufacturer, we can help you save both labor and materials costs so you can **Serve More Patients** and spend **Less Time in Your Lab**. Leave the brace manufacturing to Cascade Dafo so that you can focus more of your time on enhancing your patients' mobility—and your business.
