

Central Fabrication...

Build Your Business while we Build Your Braces

At Cascade Dafo, we want to help you create a profitable practice based on providing your patients with the best braces in a timely and cost-effective manner. As material costs rise and manufacturing technology advances, a time will come when building braces in the traditional manner will cease to be a viable option. As a central manufacturer, we can help you **Serve More Patients** and spend **Less Time in Your Lab**. With our wide range of bracing options, fast turnaround times and **Full 90-Day Warranty** (including brace style changes), you simply have nothing to lose.
