

Better Together

RevoLimb and Click Medical have merged to bring more Boa® Closure System solutions to the O&P Market

Revofit Prosthetic Solutions

New generation of technology designed to provide a micro-adjustable prosthetic device that allows instant control of the socket fit.

Lacer Compression Solutions

The OrthoFit Lacer Kits provide unique, micro-adjustable fit with one-handed donning & doffing.

ClickFit Dynamic Strap Solutions

Give your patients a mechanical advantage for easily creating secure fit and improved function with ClickFit Strap solutions.

CLICK
MEDICAL

> Our solutions make it simple to integrate Boa® components into orthotic, casting, and prosthetic devices by practitioners and central fabricators.

MAKE FIT
HAPPEN
