# soleus<sup>®</sup> true energy in motion

With an innovative multiple spring design, the Soleus produces natural movement, smooth transition and superior range of motion. Involving the entire foot in absorbing and returning energy, the Soleus accommodates a moderate to the most active lifestyle.

### **INTEGRATED SPRING TECHNOLOGY (IST)**

The art of using multiple springs in parallel or in a series to produce a proportional loading response. We precisely engineer our springs with different dynamics to load and unload at the right time, producing seamless transitions.
