ANGEL

Prosthetic Sock

The Silver Lining in Prosthetic Care

A hybrid textile and gel sock made with a unique blend of natural and man-made fibers. Unlike any other prosthetic sock available.

- X-STATIC® silver based fiber for continuous anti-microbial action and odor control
- CoolMAX Fiber for superior wicking to keep you dryer and more comfortable
- Unique ComforGel™ polymer inner core
- Rugged outer shell of nylon and cotton stretch fabric with reinforced distal end
- Exceptional stretch in length and width to conform to irregular shapes allows the BK Profile to be used for most Symes and irregular shapes
- Machine Washable
