

Create More Positive Outcomes For Your Practice

and even more comfort for your patients.

Each year millions of people will develop foot complications due to health problems. Properly fitted shoes, socks and inserts are essential for reducing these risks. Dr. Comfort shoes are made from the finest leathers and are scientifically designed for various foot complications. Our footwear is extra depth with patented footbeds, our socks are created by leading designers with Nano Bamboo Charcoal fibers and our uniquely patented inserts are comfortable, beyond the "norm". Wellness is our business and our market, we care and pay attention to detail, with new products being developed all the time. Call now to experience exceptional quality and profitability with the finest "Total System" for your professional practice.
