

ENDOLITE

A new Era of Innovation

New

SMART IP

The newest Microprocessor Controlled Pneumatic knee from Endolite takes the proven technology of the IP+ one step further. Switch it on and walk around: the Smart IP programs itself!

New

THE MERCURY HA

The newest rugged activity knee from Endolite combines our popular robust, smaller, lighter frame with the 700REX hydraulic cylinder, and is now weight rated to 300 lbs.

New
12 Month Warranty
on Foot Shell

elite

The Elite foot provides vertical shock absorption, forward propulsion and excellent ground compliance. Its sleek yet bold design delivers high performance in a lighter weight foot with a lower build height.

**Foot shell and glide sock included.*
