

# ENDOLITE

## A new Era of Innovation

### THE ADAPTIVE 2

We've Improved our already popular Adaptive knee with new Wizard technology that saves time and simplifies programming. New support mode makes the first steps feel safe and secure. All Adaptive 2 knees come with a distal pyramid, concealed battery pack, capability for charging the batteries in or out of the leg, and convenient pouch to carry all accessories.

**FULL RANGE OF NEW ENDOLITE COMPONENTRY RATED TO 275 LBS.**

### THE ALL TERRAIN FOOT™

The Elite Foot gives excellent ground compliance, no matter what the terrain. Its sleek yet bold design delivers high performance in a lighter weight foot with a lower build height.

\*Foot shell and glass sock included.
