Aura

The Aura is a sock with a specially designed seal to work with expulsion or vacuum systems, which allows the prosthetist to select the height of the seal. Used in combination with Evolution custom Silk liners, or Evolution Origin off the shelf liners, the Aura seals against the inner wall of both AK and BK sockets.

Auras are available in 9 standard sizes, or can be custom ordered to patient specifications.

**Orders of PETG not included in shipping offer. PETG will be shipped as requested by the customer at the standard shipping rate.

**Offer not valid in areas where shipments from Evolution Industries reach their destination by ground the next business day.
