

The New Aura™ Locking Seal

For optimal suspension without a sleeve!

- Locks uncovered liners to the interior of the socket for a secure fit
- Excellent choice when using expulsion or vacuum
- Eliminates the need for sleeves or double wall systems
- Works with any uncovered liner
- You can order a customized seal height to fit just right

“The Aura, along with elevated vacuum, has changed my practice and my patients’ lives for the better.”

—Curt Patton, CPO
