

JUST FOR KIDS FROM EVOLUTION INDUSTRIES!

CHAMELEON

Liners especially for kids!

Chameleon liners are sized especially for kids, and are available in 4 colors: electric blue, hot pink, neon green and fluorescent orange.

Chameleon liners are available in both pin and cushion configurations. Matrix comes standard in the pin liners, and as an option in the cushion liners.

Features of the Evolution Chameleon Liners include:

- The **BEST** choice for **Vacuum Socket Systems**
- Manufactured with a unique medical grade silicone formula developed specifically for the Orthopedic industry.
- Doesn't reduce in thickness or change shape over time.
- Superior tensile and tear strength
- A silky surface that allows the liner to slide on itself
- No coatings that crack, peel, or wear off
- No covers to tear or run
- Easy to don and doff

Pediatric Mounting Plates & Pediatric Valve Kits

The new children's mounting plates utilize the standard pediatric 4 bolt pattern. They are available in low profile for regular sockets and standard for expulsion systems. The valves are hidden inside the socket, protecting them from damage during activities.

For more information on these, or any of our products and services, please contact your prosthetist.
