

NEW! Wave Feature!

ORIGIN™ Wave

Available on all Custom Origin Liners
for greater freedom of movement

QR Code for
Custom Origin

Wave Features:

- Reduced liner distal pull
- Increased elasticity over the anterior and posterior planes
- Easier knee flexion
- Reduced bunching behind the knee during flexion

Custom Origin Liner Features:

- Custom designed by a certified prosthetist
- Advanced medical grade silicone formula
- Silky surface allows liner to slide on itself
- Easy to don and doff
- Compatible with vacuum and expulsion socket systems
- Easy to care for and keep clean
- No coatings that can crack, peel, or wear off
- No covers that tear or run

"Only available as a feature for the Custom Origin Liner. The Wave is especially good for uniquely shaped and/or sensitive limbs as well as any lifestyles and activity levels that want the added Wave feature for greater freedom of movement."
