

“the soft silicone ring
produces an airtight seal that
makes sleeves obsolete”

Aura™

for optimal **expulsion** or **vacuum**
suspension

what is AURA?

The Aura Locking Seal is an innovative, cost effective solution for optimal suspension in expulsion and vacuum socket systems. Its compact and lightweight design provides your patients with a secure fit while preserving freedom of movement and establishing a durable airtight suspension system for comfort and stability throughout the day. The Aura can also be ordered in custom seal heights further optimizing fit and comfort for your patients.
