CHAMELEON

New liners especially for kids!

Chameleon liners are sized especially for kids, and are available in 4 colors: electric blue, hot pink, neon green and fluorescent orange.

EVOLUTION *Silk*

Designed by a certified prosthetist, Evolution Silk custom liners fit the exact needs of each user. Cushion and locking designs are available. Evolution Silk liners are manufactured from a unique medical grade silicone that keeps the liner fresh and odor free. Our liners are more durable than custom urethane liners. Liners can be made from a negative cast, positive cast, and AOP files from INSIGNIA and other systems.

EVOLUTION ORIGIN

Originating from our custom Silk liners, we now offer standard sizes in both pin and cushion configurations.

Features of the Evolution Silk, Origin, and Chameleon liners include:

- A silky surface that allows the liner to slide on itself
- No coatings that crack, peel or wear off
- Compatible with all high vacuum sockets
- Easy to don and doff
- No covers to tear or run
- Medical grade silicone
