

Aura™ & ORIGIN™

a perfect combination for
maximum suspension

Naturally compatible, both the Aura and the Origin have custom and off the shelf options. The combined features result in a complete system tailored specifically to each patient. This simple and easy to use combination works well with vacuum and expulsion sockets.

What is Aura?

The Aura Locking Seal is an innovative solution for optimal suspension in expulsion and vacuum socket systems. Its compact and lightweight design provides patients with a secure fit while preserving freedom of movement and establishing a durable airtight suspension. The Aura system locks firmly against the inner wall of the socket for comfort and stability throughout the day.

What is Origin?

Origin Liners are created from a leading edge medical grade silicone formula that is naturally compatible with human tissue and resistant to fluids and bacteria, allowing the liner to remain fresh and odor free after each use. Origin liners never reduce in strength or thickness and are intended for patients of all lifestyles and activity levels.

Together the Aura and the Custom Origin provide the best quality suspension and comfort specific to each patient.
