## Evolution's Full Service Central Fabrication Facility

### Evolution's Central Fabrication Facility

Our highly trained technicians, innovative approach, and state of the art facility allows us to provide the best in premium central fabrication services. We offer many different options in check and definitive sockets including variations that require more skill and experience. Our check and definitive sockets can be customized with your choice of quality components and supplies, a variety of skin tones, and decorative laminations.

Evolution specializes in premium lower extremity **check sockets, definitive sockets,** and manufacture our own line of **components and supplies.**
