

Evolution Industries, Inc.

Custom Origin with Wave Feature

Look for the Wave Feature under Custom Origin at [www.evoii.com](http://www.evoii.com)

# ORIGIN™ Wave

Available on all Custom Origin Liners  
for greater freedom of movement

#### Wave Features:

- Reduced liner distal pull
- Increased elasticity over the anterior and posterior planes for easier knee flexion
- Reduced bunching behind the knee during flexion

#### Custom Origin Liner Features:

- Custom designed by a certified prosthetist
- Advanced medical grade silicone formula
- Silky surface allows liner to slide on itself
- Good for uniquely shaped and/or sensitive limbs
- Compatible with vacuum and expulsion socket systems
- Easy to care for and keep clean, easy to don and doff
- No coatings that can crack, peel, or wear off
- No covers that tear or run
