

# SOCKETS MADE SIMPLE

## Vacuum or Expulsion? Your Choice!

Evolution's flexible and multi-use vacuum and expulsion systems leave the important choices in your hands to build the system that is best suited for your patient's lifestyle.

Evolution's socket systems give the clinician the most versatility to mix and match a wide variety of resources in today's market. Innovated, tested, and proven in our own central fabrication facility, Evolution's premium quality components and supplies provide a more efficient fabrication system with less room for error. Our components and supplies make for a solidly reliable solution that will let you evolve and develop the best system for your patient's lifestyle.
