

**E**volution **L**iners

www.evolutionliners.com

it's time to **e**volve...

...have **you**?

**Our liners are evolving!**

Evolution Liners are available with Soft Cups made from an extra soft silicone embedded in the distal end adding 3mm of extra cushioning for sensitive distal ends.

Evolution custom liners are:

- Available in low durometer
- Compatible with high vacuum systems.
- Made from a unique medical grade silicone.
- Available in cushion and pin configurations.
- Designed by a certified prosthetist.

Evolution custom liners can be made from a negative cast, positive cast, or AOP file.

**Get the comfort you want with the durability you need.**

**Visit us at the FAOP Show in Florida**

Send your casts to:

40 West Illiana Street  
Orlando FL 32806

Or E-mail your AOP to:

liners@evolutionliners.com

Different thickness and designs are available on request. Standard liners have a distal thickness of 13mm, wall thickness of 6mm and tapers to 3mm at the patella level. Standard liners are fabricated in 3 business days.
