

So strong and light...

...Titanium helps protect our country.

It's strength and lightness are well known to engineers & technicians. Fabtech Systems is proud to announce distribution of TiMed, Inc. prosthetic componentry. TiMed offers a complete line of titanium and stainless steel components to fit your needs in 250lbs., 300lbs. and 350lbs. systems.

Use it to protect your clients.

TiMed prosthetic componentry is 15% to 30% stronger in tensile and fatigue strength than any other titanium components sold in the marketplace today. TiMed's 250lbs. and 300lbs. systems are also the lightest you can buy. All components are ISO 10328 and CE Mark tested / approved.

- Each system is rated to the highest K-level.
- 2-year manufacturer's warranty
- ISO 10328 demands 3 million testing cycles.
- Our componentry goes through 6 million cycles.

We bring it in on budget.

TiMed's state-of-the-art manufacturing process ensures the highest quality titanium prosthetic componentry at the most affordable price. Fabtech brings it to you with guaranteed integrity and service. Ask for our 2002 catalog for pricing. Call Toll-Free: **1.866.733.9832**
