

# TRAUTMAN™

## Built for Fab.

### Variable Speed Bench Carver

Model No. 2600/60

Great for smaller fabrication spaces, the Trautman Variable Speed Bench Carver features a maintenance-free 1/3 HP brushless motor with speeds up to 3400 RPM.

### Double Drum Sander

Model No. 5005

Available as a single or three phase 2 HP motor, the Trautman Double Drum Sander has two 9 in. pneumatic sanding drums and dual drive belts.

### Portable Oilless Vacuum Pump

Model No. 227005

The Trautman Portable Oilless Vacuum Pump comes with a 1/3 HP, low maintenance motor with enough power to pull two laminations (resin and/or thermoplastic).

### Dual Bladder Vacuum Station

Model No. 227730

Features a high temperature, non-stick, clear silicone bladder. Provides better mold preservation and improved surface quality than a single bladder.
