FREEDOM
KINNEX 2.0
MICROPROCESSOR ANKLE/FOOT SYSTEM

✓ Designed *for* Real Life.

Kinnex 2.0 combines sophisticated microprocessor ankle innovation with Freedom's carbon fiber foot technology to deliver an ankle **designed for real life.**

- ✓ Seamlessly adjust to changes in ground slope within the first step.
- ✓ Confidently brave the elements with an IP67 certified ankle.
- ✓ Comfortably match heel heights with virtually any shoe for work or play (via App).
- ✓ Optimize energy storage and energy return with a bolt-free full carbon fiber foot plate.
