

A Year of Revolutionary Innovation

In Freedom Innovations' first year, we launched an exciting revolution in motion as evidenced by rave reviews of our products. We look forward to many decades of innovation...improving the lives of amputees worldwide.

Freedom has a truly bright future.

—David Littig, CP

I have tried about every foot on the market and I find the FS1000 to be the best.

—Clarence D. Imler, CP

Your feet have exceeded my expectations.

—Kenneth Hung, CP

Within five minutes I was able to run at a full sprint with the "renegade." For the first time, I can run with my kids or go running with my wife. I have never publicly endorsed a product before but the renegade deserves high praise.

—John Pelletti, CP

(My patient says) it is the most natural walking, dynamically responsive, comfortable foot he has tested.

—John Stokosa, CP

I have not seen a foot with such action and energy return...You guys are on to something.

From an experienced prosthetist's point of view, these new feet have an edge over the competition.

—Wayne Kaufman, CPO

Freedom Innovations has... contributed to a better quality of life for many amputees.
