

**The NEW renegade LP**  
The industry's lowest-profile, lightest shock foot

renegade LP

## The revolutionary renegade LP

Featuring the lightest, most responsive and complete shock foot for clearances under 5 inches, the renegade LP is ideal for the active amputee with a longer residual limb, driving shock absorption to a revolutionary level.

- Only shock foot for clearances under 5" (range of 4.4-5.2")*
- Full-length sole plate creating natural inversion and eversion*
- Composite Z-shock technology facilitating tibial progression*

Join the revolution today.
