

Grace Prosthetic Fabrication opened its doors in March of 1990 with the desire to create the best orthotic and prosthetic devices at affordable prices. Over the last 25 years we have grown and thrived, becoming a successful staple of the community. We are a leader in the O&P industry and we strive to be your central fabrication company.

In the coming months, we have many exciting new endeavors to offer our customers! Make sure you are on our Newsletter list, at GPFINC.com, for all the amazing deals. Grace Prosthetic Fabrication has the quality, products and services you have come to love.

We are also proud to announce two of our onsite technicians are now ABC Certified! Congratulations Kenny and Dave!

Thank you for your continued patronage.
