

# SPINAL SOLUTIONS BY ÖSSUR

## The New Philly Adjustable

The Philadelphia® Trache Collar has been an industry standard for decades. Now, Össur, the same company that manufactures the Miami J and Miami J Advanced, is proud to unveil Philadelphia Adjustable. Constructed from the same high-quality materials as the original, Philly Adjustable combines convenient size adjustability with immobilization and comfort.

### ADJUSTABILITY

- Anterior height adjustability covers sizes 2, 3 and 4.
- Tear-off tabs accommodate neck circumferences from 10" to 19".
- Fit 95% of patients with a single SKU.

### PROTECTION

- Restricts cervical spine flexion, extension and rotation comparably to the original Philly collar.
- Adjustable bilateral fasteners ensure proper fit.
- Total cervical arch support maintains neutral alignment of the c-spine.

### COMFORT

- Two-piece design enhances patient comfort.
- Conforms to shoulder and mandible contours for stability and comfort.
- Ventilation openings reduce heat and moisture.

### HOSPITAL SAFE

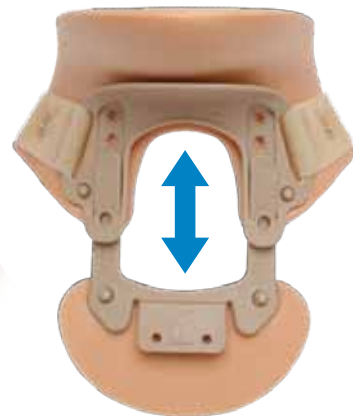

- Latex-free, non-toxic and hypoallergenic Plastazote® foam helps reduce skin irritation.
- Water-resistant for bathing and aqua-therapy.
- X-ray, CT and MRI lucent.
- Clean with mild soap and water.

*Combines size adjustability with proven immobilization*

*Tear-off circumference adjustments*

*Slide-to-size height settings*
