

SmartKnit[®]

COMFORT & PROTECTION

SmartKnit[®] products' unique benefits offer patients maximum protection and comfort. These patented products are manufactured using completely seamless knitting and form fitting "core-spun" yarn technologies to help eliminate wrinkling, bunching and seam pressure. SmartKnit products are made with white anti-microbial treated Cool-Max[®] fibers or X-STATIC[®] fibers for high perspiration wicking and the softest, driest, and healthiest skin environment possible.

SmartKnit[®] Big Toe Sock

Features a separated great toe to accommodate AFO toe straps. The high stretch "heel-less" design accommodates varying foot length to leg circumference patient sizing situations.

SmartKnit[®] Neuropathic Boot Sock

Offers unique protection specifically for the walking boot environment and associated longer wear times.

SmartKnit[®] AFO Liner Sock

Innovative protective sleeve for covering the AFO not the leg. Shields the wearer's skin from direct contact with the AFO material reducing sheering or chafing while providing a breathable cushion for the foot without being hot or bulky.

SmartKnit[®] Seamless Diabetic Sock

The complete first layer of protection and comfort in diabetic foot care — Truly seamless and stretchy core-spun yarns to reduce risks of pressure, non-binding Halo Top[™], and anti-microbial for healthier, drier feet.

SmartKnit[®] AFO & KAFO Socks

Seamless, form-fitting core-spun yarns help eliminate wrinkling, bunching and seam pressure. "Heel-less" ensures a perfect fit. Provides exceptional softness, wicks perspiration and inhibits odor-causing bacteria.

SmartKnitKIDS[®] Seamless Sensitivity Sock

Seamless socks ideal for children experiencing sensory processing differences, hypersensitivity or who simply can't stand annoying seams. These super soft socks for sensitive little feet fit virtually free of wrinkles or bunching and are proven to reduce irritation.
