

SOLUTIONS THAT FIT™

SMARTKNIT® SEAMLESS AFO & KAFO INTERFACE SOCKS

We make each patented SmartKnit® AFO and KAFO sock the same way that a caterpillar spins its cocoon—starting at the toe and circling our way to the top. The result is a seam-free, wrinkle-free sock that fits like a second layer of skin, provides exceptional softness, and wicks perspiration. In addition to being free of seams and the pressure that seams cause, each sock features a "heel-less" design to ensure a perfect fit every time. Anti-microbial fibers help inhibit odor in the socks.

With eight sizes to choose from, you will never have to sacrifice fit whether your patient is an infant, child, youth, or adult. AFO socks are packaged in pairs.
