

**Not just a torso interface,
it's our innovation.**

**Not just a carton of products,
it's our one-box promise.**

**Not just a catalog,
it's what you need
when you need it.**

**Not just any medical textile company,
it's Knit-Rite.**

Proud to have lead our industry since 1923 with such innovations as the first true machine "wash and wear" wool prosthetic sock, the CoolMax® and Lycra® prosthetic sock, the torso body sock, and numerous other products, Knit-Rite is committed to

serving the prosthetists' and orthotists' needs. That means listening, and listening means responding.

Knit-Rite's response is focused on providing all the textiles, components and supply items you need, when you need them, ship-

ping them to you in one box, and delivering them to you next day.

Benefit from our innovations, in both manufactured textiles and distributed orthotic and prosthetic supplies, by calling Knit-Rite today.
