

M.3° OA

M.4° OA

M.4° OA compact

knee orthosis for osteoarthritis

**medi M series**

helping active people stay active

**optimal prevention of migration:**

- **physioglide®** hinge reduces downward pressure on brace
- **anti-migration condyle pad** prevents sliding
- **soft grip padding** is slide-resistant and **numbered straps** allow patient to easily reproduce correct fit
- **flexible frame** provides greater wearing comfort and better brace function
- **adjustable pressure relief** of the medial or lateral joint compartment
