

OPIE Software is more attractive than ever...

See OPIE at AOPA in Chicago!
Tech workshop, Sat, Sep 13, 1-5pm

★ New Pricing

Scalable pricing lowers the cost of OPIE for most small to mid-size practices.

Flexible payment plans with reduced upfront investment.

All data conversion, training and future upgrades INCLUDED

New versions are distributed to you automatically through the Internet about every 4-6 weeks.

★ New Options

Prefer hosted software? You can now get all the functionality of OPIE via the Internet, with us handling the hardware, network and data backup.

Not ready to go paperless? Purchase our admin and billing modules at a lower price, and then seamlessly upgrade to the clinical features when you are ready.

★ New Features

Automated Work-in-Progress Tracking – Visually monitor the status of all active patients on one screen, from initial visit through delivery and all required documentation steps.

Reports – More than 20 new reports have been added, each fully customizable. OPIE tracks everything that happens in your practice, and you can use that knowledge to improve your business.

Dozens of other new features based on feedback from more than 1,000 OPIE users. Join the OPIE community and enjoy the benefits of software that is always evolving to meet your needs.

★ Same great support!

Call our toll free support number, and you'll talk to a live person who knows your practice. O&P is all that we do, and supporting you is our first priority.
