

Opie spent many years
in school learning

and studying about
orthotics and prosthetics.

After learning the
foundation of
O&P in school, Opie
practiced his
clinical and
technical skills...

sometimes very late into
the night.

Every story has a beginning...

OPIE studied many subjects
under great masters.

Sometimes OPIE imagined
what O&P would be
like in the future.

community in mourning the
loss of Ronney Snell, CPO, FAAOP

The Great Council
recognized young OPIE's
potential.

They gave him a mission
to revolutionize O&P
with technology.
