SUPERIOR SUPPORT THAT'S OFF THE RADAR!!!

**LSO Low-Profile****LSO (Back)****TLSO w/ PPK****TLSO w/ DLK (Back)****TLSO w/ DLK (Front)**

NEW Stealth™ is truly a revolutionary orthosis for practitioners who desire the best available for their patient. Our patented locking system makes donning and doffing simple for patients of all ages, providing maximum compression with minimal effort. The front panel is available in neutral and pendulous abdomen. The back panel automatically adjusts to any lordosis. Both panels are removable to provide the right amount of support and compression at all stages of the rehabilitation phase. The sleek and innovative design makes this orthosis virtually undetectable under clothes. The Stealth™ speaks for itself: *perfect patient compliance.*
