STABILITY MEANS MOBILITY

When a patient experiences lower extremity issues, he wants to be back on his feet as soon as possible. Backed by over 18 years of experience, OPTEC USA offers a variety of custom and prefabricated lower extremity orthoses that will facilitate stabilization and recovery. OPTEC's goal is to work with you so that you can speed up rehabilitation time while allowing patients to enjoy as much mobility as possible. From our best selling Gladiator line to our new Custom KAFO, you can rely on OPTEC USA for your lower extremity orthotic needs.
