

Have it Your Way

Our orthotic specialists can fabricate a custom spinal orthosis to your exact specifications or you can choose from a complete line of customizable prefabricated stock sizes. Either way your patients will receive a superior fit and you will discover why OPTEC is the best value. Here are just a few ways you can have it your way with OPTEC:

- 24 hour fabrication services Monday-Sunday (including holidays).
- Save money on overnight shipping (guaranteed by 10:30 A.M.) with discounted rates using Federal Express next day air service;
- Same day and next day delivery on all products and services (Delta Dash or similar service);
- Consistently high quality products fabricated by dedicated orthotic specialists;
- Best value prices and discount programs;
- Innovative products using the latest Cad Cam technology, materials and orthotic designs.

We are committed to meeting--and exceeding-- your expectations.
