

ICEROSS DERMO[®] UNIFORM LINERS

Changing from gel to
silicone is easy

The **NEW** Iceross Dermo Uniform Liners are designed to easily retrofit the Uniform profiles commonly found in the market today, while still offering the popular features of our Dermo liners. Recommended for low to moderately active transtibial users, Iceross Dermo Uniform Liners are ideal for vascular patients and those with sensitive skin.

Visit ossur.com/iceross, or contact your Össur rep today, to learn more about our complete line of Iceross liners.
