# RHEO KNEE<sup>®</sup> 3

A perfect balance of stability and dynamics

Featuring a new gyroscope for increased resistance across a wider range of stance flexion, and a more powerful actuator for faster swing extension, RHEO KNEE 3 is a perfect balance of stability and dynamics.

Plus, RHEO KNEE 3 is compatible with a wide variety of dynamic Flex-Foot feet (see below), making it even easier for users to walk their way.
