

All the right moves

Optimal Energy Efficiency

Offers the Flex-Foot[®] patented J-shape and CarbonX Active Heel[™] to ensure less fatigue.

Self-Adjustable Shock Absorption

Features a built-in vertical shock pylon that is fully adjustable to enjoy countless activities without ever changing feet.

Smooth Rotation with Progressive Stiffening

Never any abrupt stops. The Torsion Control Cell[™] provides a steady elastic movement with gradual resistance for a natural twisting motion.

*Choosing Ceterus[™] is the right move.
