Studied, proven, preferred.

Quality for life

3/21 ©2021 Ottobock HealthCare, L.P. All rights reserved.

Your patients trust you to deliver the best care.

You commit to their quality of life every time you trust C-Leg 4. As the original MPK, C-Leg redefined the standard of care for above-knee amputees. With 21 years of innovation, the microprocessor technology of the C-Leg continues to raise the bar for an industry that demands innovation to achieve one primary goal: give amputees the mobility they deserve.
