Quality for life

Great Partnerships. Great Stories.

C-Leg®. The best care for my patient.

38 years. For Ellen, that was enough time to graduate from high school, college and grad school. To marry and build a family and a career. For Bob, it was enough time to have a hand in over 300 C-Leg® fittings—including a second C-Leg for Ellen.

Through Ellen and Bob's decades-long partnership there's been one constant, though: the desire to give Ellen the best prosthesis possible—so she can live a full, happy, and thoroughly successful life.
