Quality for life

Celebrating
15 years
C-LEG

A standing ovation

15 years of proven C-Leg performance

With the C-Leg, Ed's found the ingredients for success in both his business and his life. We think we have, too—by working closely with the prosthetists, therapists, technicians and endusers that have made the C-Leg the most-fit MPK in the world. We hope you'll help us celebrate the 15th anniversary of the C-Leg—by giving yourself a hand!

Together we do great things.

For help with your own device funding, call our MPK Reimbursement Services hotline at 800 377 0338. Or email us at reimbursement911@ottobock.com.
