

# There's never a good time to stumble.

## And the C-Leg® is the only knee that gives total peace of mind.

Your patients know that stumble recovery is much more than an abstract concept. And you know exactly what's needed for them to stay confident, even when they're keeping up with an active child or shopping in a busy mall. They get unmatched stability and proven performance from a C-Leg® microprocessor-controlled knee.

For over a decade the C-Leg has helped you give your patients peace of mind – in everyday tasks and challenging adventures alike.

To learn more about the C-Leg's proven performance and stability, visit [www.clegstories.com](http://www.clegstories.com) and click on "For Professionals" for the data that continue to convince.
